DOMESTIC WORKERS

EFFAT

Amendments proposed by CSC Food and Services to the draft version of the new EFFAT statutes

Article 1 : Name and jurisdiction

Modify the 2nd paragraph :

EFFAT is an organisation of independent and democratic trade unions representing all workers in the Food, Agriculture, Tourism, domestic workers and related sectors, services and activities in Europe. It includes the European Union (EU), the European Free Trade Association countries (EFTA) and EU candidate countries (incl. Turkey).

As Effat is responsible for domestic workers, this should be made clear in the constitution.

Article 4 : Effat's role

Add :

- to implement and promote IUF's mission, tasks and policies in Europe as IUF's regional organisation

As set out at the latest EC, the link with IUF should be more clear in the statutes

Article 19 : Regional groups

Replace the tow first paragraphs by the following :

On the initiative and demand of a region, the EC can decide to set up a regional group for that region.

As set out at the latest EC, it is useless to oblige each region to set up a regional group because in the reality this does not function and the definition of the regions is artificial. Therefore we ask also that annex 2 would be left out. However, we do not want to prevent regions who feel the need to set up a regional structure and this can be made possible by the amendment prosed above.

Article 21 : Sector activities

Sector Assemblies shall be formed in ... and for the domestic workers.

This is already the reality and should be made clear in the constitution.

Annex 1

Domestic workers should be mentioned as a separate point and not included in 'Other services'

Annex 2

Should be left out (see article 19)
